2009 BCA Pool League National Tournament Results

Upstate Billiards Association had a wonderful show of players who attended the BCA Pool League's Annual Las Vegas 2009 National Tournament in May. The weather was beautiful – the accommodations were questionable – but the camaraderie was outstanding! We had players supporting players, teams supporting teams, spotters running back and forth between matches with updates and drinks ☺ for everyone. Our whole group enjoyed dinners, site seeing, shopping trips and nights outside by the pool together. I hope to see even more of our players make the trip next year! Below please find the results of our efforts!

Congratulations to Dan Heidrich for being invited to play in the Predator International 10 Ball Championships!

In his first round match he was victorious against Mike Massey 10-6. His second round match was victorious against Neils Feijen 10-8. Danny found himself down 1-8 before he turned on the steam and came back to win an amazing 9 games in a row for the W! His third round match against Gama resulted in his first loss putting him into the elimination bracket facing the one and only - Allison Fisher. Danny started out strong 3-0, but Allison turned on her charm and ran away with a 10-6 victory. Danny finished just out of the money after loosing to a GIRL! But seriously – fabulous job, Danny!
